**A
NEW DECADE
OF
SPIRIT**

To The Prep Parents

DEDICATION:

On behalf of the PREP Annual Staff we would like to dedicate the 1989-90 PREP BUCKAROO to the parents of University PREP students. They have been a great help to our students and teachers this year with many activities: collecting receipts and soup labels for computers and playground equipment. They have held fund raisers and helped clean up after the asbestos situation last summer. Without their time and effort we would not have had as productive a year as we did.

INTERNS

This year PREP had a new intern program. This involves college students who assist experienced teachers in the classroom. They have the opportunity to see how classes are taught before they experience their student teaching. This program benefits the college students as well as the PREP students.

Let me try!

FEATURES

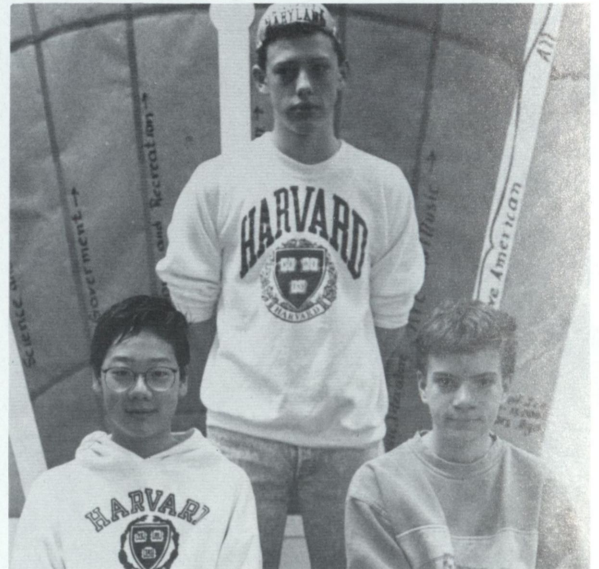

Optimists

The Laramie Breakfast Optimist Club has for several years sponsored a "Student of the Month" program for junior high age students. The program honors students who are not necessarily an A student academically, but students who do well in class, are active in school and community activities, and who are good citizens. PREP participates in this program once per quarter.

1st Quarter Optimist Club Award Recipients included 7th grade: Lindsay Nordwick; 9th grade: Joseph Johnson; 8th grade: Jason Eickbush.

2nd Quarter Optimist Club Award Recipients included Laton Spahr, 9th grade; Ben Kim, 8th grade; and P. J. Johnson, 7th grade.

3rd Quarter Optimist Club Award Recipients included 9th grade: Dan Surdam; 7th grade: Flora Zahn; 8th grade: Emily Kaper.

4th Quarter Optimist Club Award Recipients included 8th grade Rebekka Bieber; 7th grade Lisa Archer; 9th grade Ryan Bagby.

Foreign Language

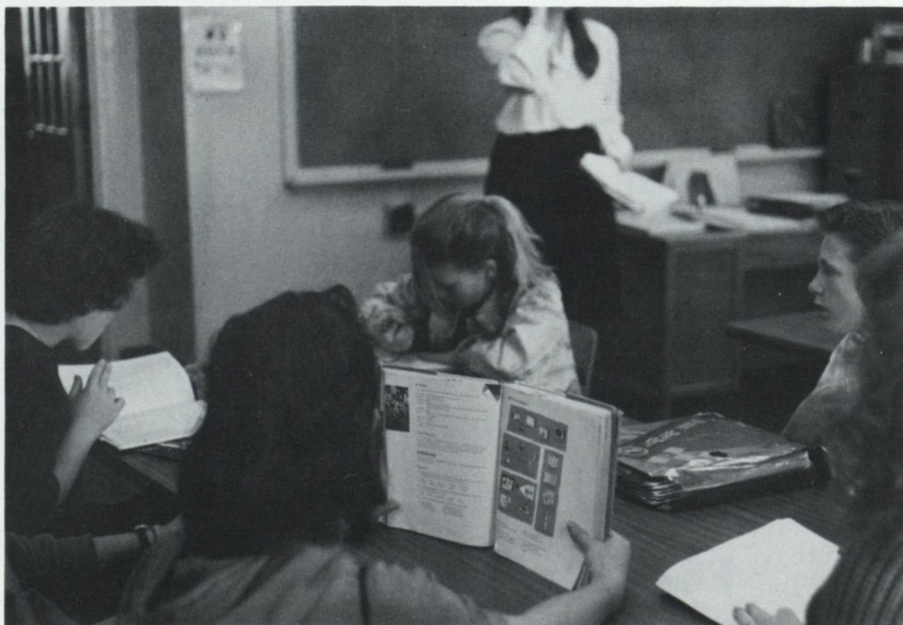

Monopoly in German?

French

Russian

Spanish

German

Review for a test.

The foreign languages at PREP were taught by Mrs. Sharps. She did formal elective classes in French and German. During the activity periods she was able to offer exploration into Spanish and Russian. Mrs. Sharps is well skilled in a variety of interesting and fascinating languages that enhanced our program.

Speech Team

This year's speech team had a great year. As an overall team effort they placed second in the Class B schools at the meet sponsored by Laramie High School. The speech meet is open to students in high school as defined by the Wyoming High School Activities Association as grades 9-12. PREP kids have been participating in this activity for many years. This year entries included Jennifer Terrell, dramatic interpretation; Ryan Duysen, original oratory; Jens Iverson, extemporaneous speaking; Laton Spahr and Jennifer Terrell, duet; and Ben Kim and Kevin Hanly, duet.

The entire speech team enjoys (?) listening to Mrs. Zorko!

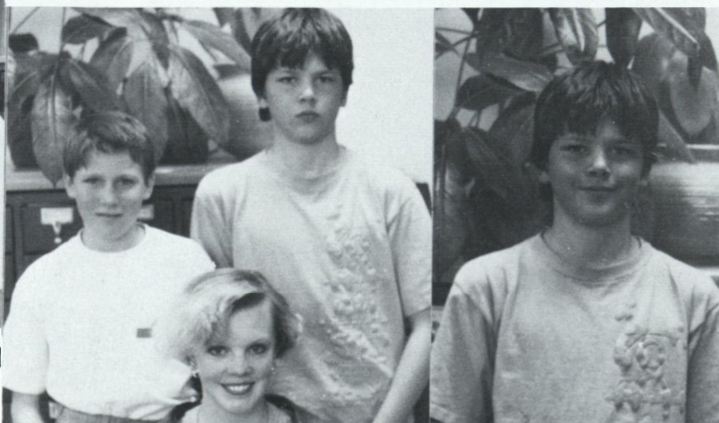

9th grade speech team members Jennifer Terrell, Ryan Duysen and Laton Spahr work closely with student coaches Ms. Perry and Mr. Troxell.

Spelling

Students in 6th, 7th, and 8th grade were eligible to participate in the Albany County Spelling Contest. A representative from each grade level was chosen after having many practice sessions. This year's representatives included Sara Carlson (8th), Mat Matlack (7th), and Matt Peterson (6th). Others who participated included Shue-Fen and Shue-Wen Tung, Richard Nelson, and Ben Kim. Matt Peterson was selected as the top 6th grade speller in the county.

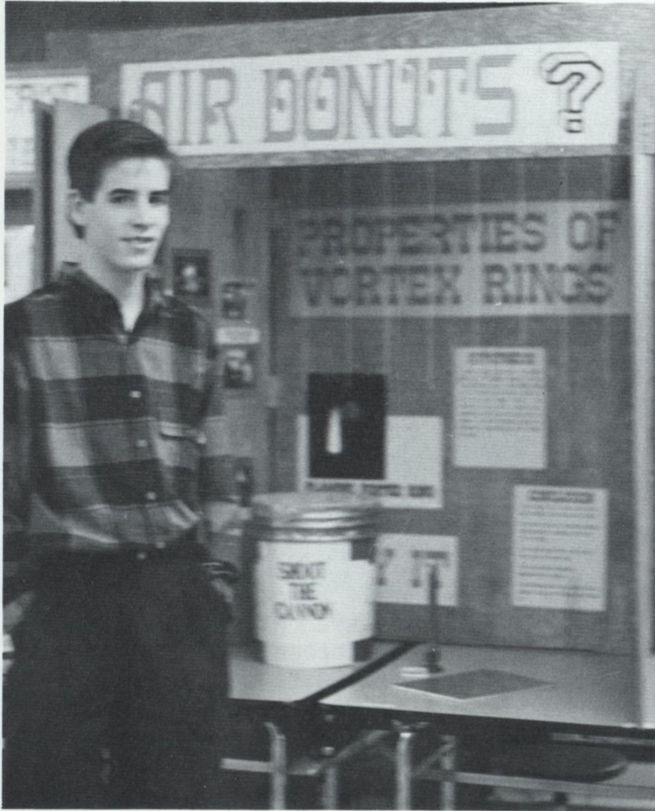

Alternates to the spelling contest included Shue-Fen Tung (6th), Shue-Wen Tung (6th), Ben Kim (8th), and Richard Nelson (8th).

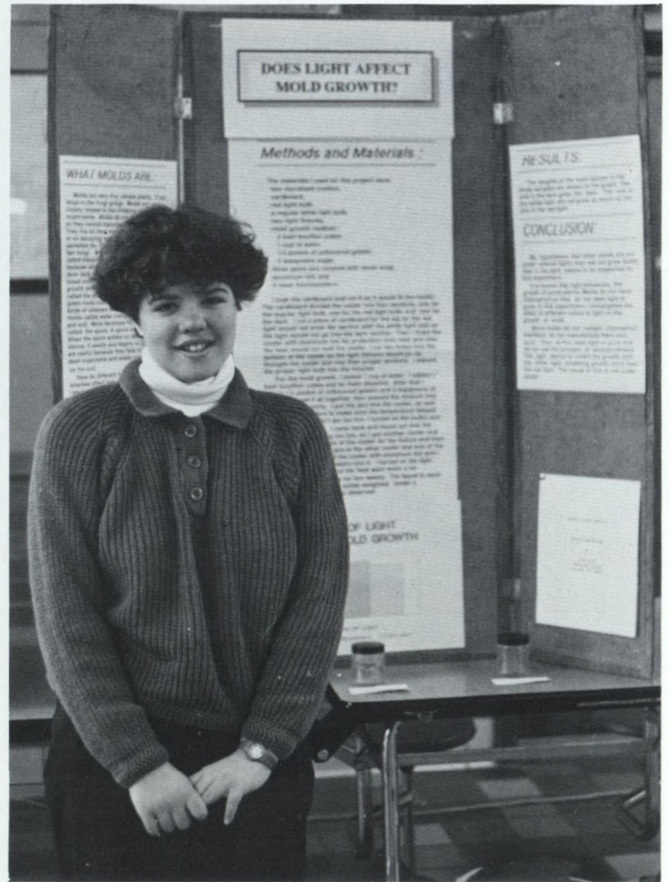

Contest representatives: 7th-Matt Matlack, 8th-Sara Carlson, 6th-Matt Peterson. Top 6th grade speller in Albany County!

Science Fair

Nate Vasek's 1st place senior division physics entry at the Regional Science Fair was called Properties of Vortex Rings. He also won several awards for excellence in research for his project.

Pam Rodi's 1st place junior botany project at the Regional Science Fair entitled "Does Light Affect Mold Growth?" also won her the Sweepstake Champion (all around winner).

Rachel Spitzer's 2nd place junior botany project at the Regional Science Fair entitled "How Light and Temperature Affect Plants".

PREP was invited to participate in the Regional Science Fair held in Cheyenne in March. Because the students from PREP placed high, they all qualified to enter the state science fair held in Casper. As they competed at the State Science Fair, Pam placed third in her category and Nate received an honorable mention.

National History Day

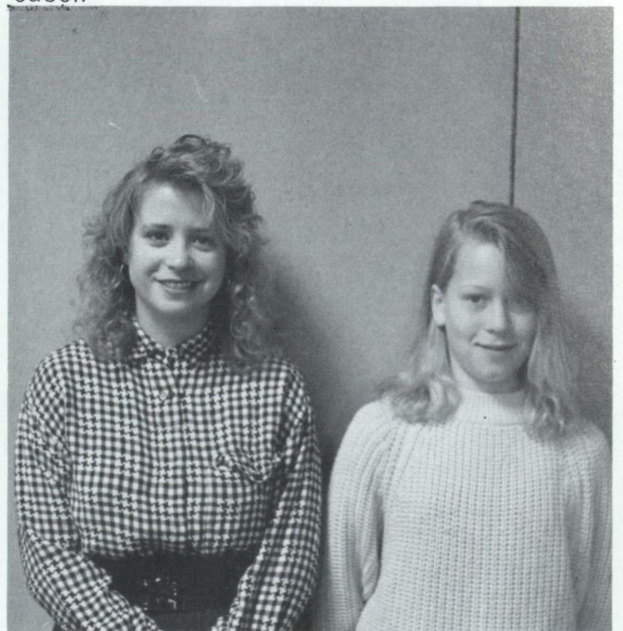

National History Day is a contest held annually with a different theme each year. This year's theme was "Science and Technology in History". Students can enter several categories within a theme: historical papers, individual performances, group performances, individual media presentations, and group media presentations, individual projects and group projects. All of these areas are available to students in the junior categories (grades 6, 7, 8) or the senior categories (grades 9, 10, 11, 12). Competition begins at the district level. First, second, and third places proceed to the state for competition and first and second place winners then are allowed to go to Washington D.C. in early June to compete at the national level. PREP has had national winners in the past and also sends many representatives from the state.

Group performances included (back) Robert Stepan, Andrew Woodhouse, Dasha Martinez (junior division) (front) Matt Matlack, Kevin Hanly, Tina Walker, Richard Nelson, Jason Eickbush (junior division).

Junior individual projects were entered by front: Rob Essley, Rebekka Bieber, Erin Pfister; back: David Porter, Pam Rodi, and Scott Jansa.

PREP individual performances included Cassie Schimmel (senior division) and Lea Goodrich (junior division)

Junior group projects were entered by Jennie Clark, Kim Duysen, Mariana Skidmore, Christie Coletti and Andrew Arnold and P.J. Johnson (absent). Senior group project entrants included Alex Wolf and Joseph Johnson.

Media presentations from PREP included (back) Dan Surdam, Laton Spahr, Ryan Duysen (senior division) and (front) Beth Goudey, Rachel Spitzer, Aura Ranck (junior division).

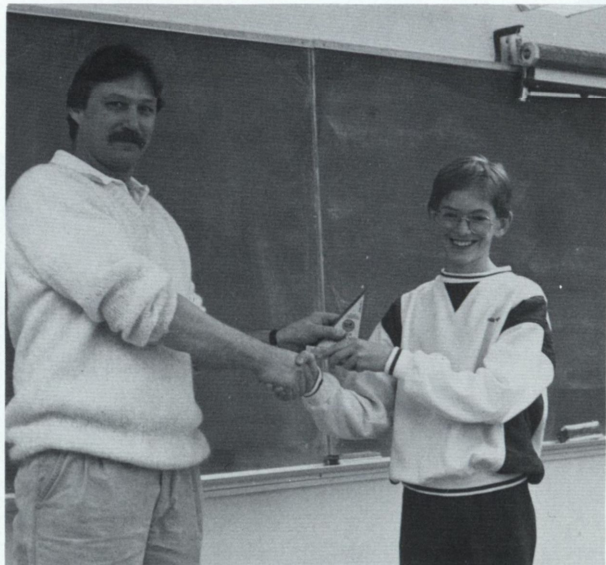

Senior individual projects were entered by Angie Pasley and Justin Pico.

Junior individual historical papers for NHD came from Ben Kim, Lindsay Nordwick, and Jens Iverson.

Math Counts

Third place, individual, on the test was received by Jens Iverson.

Math Counts team members included Beth Goudey, Ben Kim, P.J. Johnson, and Jens Iverson made up the Math Counts team from PREP. Matt Matlack was the alternate.

MathCounts this year was offered as an elective by Mrs. Peterson. The class was geared towards those students who were mathematically inclined. Taking place on February 17th, the competition consisted of three heats: 1st - individual test; 2nd - questions round, and 3rd - team round. PREP did extremely well, placing 2nd overall.

Problem Solving

Mrs. Larscheid worked with three problem solving teams during the year. One team qualified for the state meet this year and another was selected as an alternate. The teams practiced and worked all the time. They compet with various schools all over the state. The program is also open to teams in the elementary levels, but PREP doesn't have any participation at that level yet.

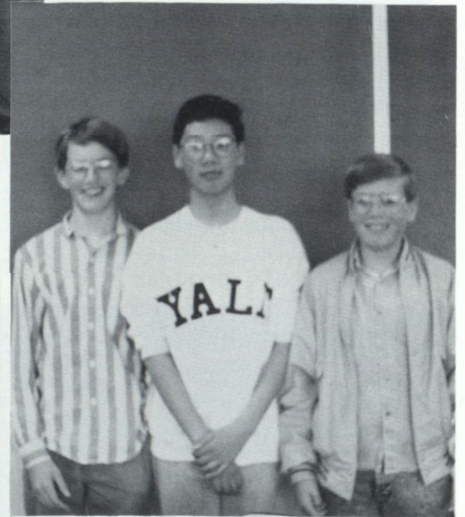

Problem Solving team members who qualified for the state contest included Jason Eickbush, Melody Saadat, Robert Stepans, and Bill Parks.

State Math Contest

Algebra II students from Mr. Willis' class participated in the state math contest held in April.

The state math contest is held annually on the University of Wyoming campus. It is open to math students at the secondary level. Students take a written test (standardized) and results were tabulated. Results are sent to the state where scores are tabulated from all of the regions to determine the top scores around the state.

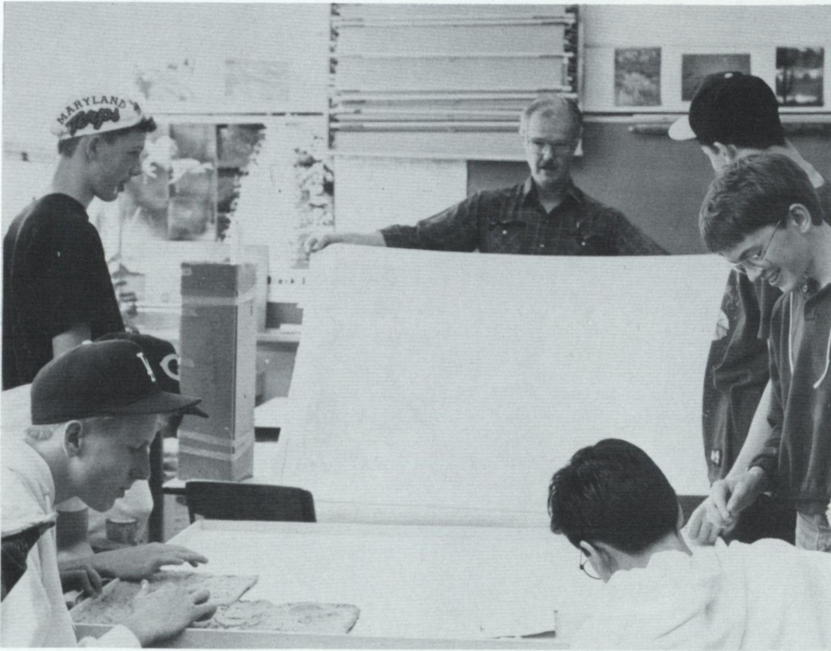

8th grade state math contest winners: 1st - Jens Iverson, 2nd - Ben Kim, 3rd - Jason Eickbush.

Algebra I students from Mrs. Peterson's class participated in the state math contest held in April.

Centennial Centers

PREP is celebrating the Centennial for Wyoming by having several centers in Unit I, II, and III for students to participate in. Groups rotated through some of the centers in mixed groupings. Unit I centers included some areas such as geography of Wyoming, Indians of Wyoming, Railroads in Wyoming, and the National Parks in Wyoming. Unit III areas included the geology of Wyoming, transportation in Wyoming, immigrants to Wyoming, and early technology in Wyoming. Even though the year for school is ending and the Centennial is not, we will continue with some of these activities in the fall.

Young Authors writings from PREP were submitted to the Albany County Young Authors' Program. All of Mrs. Ray's homeroom and Mrs. Kasakow's homeroom participated. Others from Unit I also participated. Those who placed 1st, 2nd, or 3rd were then sent to the state program.

Young Authors

Young author participant from Miss MacNeel's home room was Melissa Campbell (absent - Jessica Bradley).

Amy Goodrich, 5th grade, was a first place winner with her poetry entry. She will have her poems judged at the state.

Erin Stoez (left) and Janet Bradley (right) won in the prose categories and participated in the state program.

Ninth grade students eligible to take the SAT test include, front: Cassie Schimmel, Jennifer Terrell, Alex Wolf, Bill Parks, Justin Pico; back: Jeremy Warfel, Laton Spahr, Nathan Vasek, Joseph Johnson, Dan Surdam.

S A T

The University of Denver annually sponsors the "Rocky Mountain Talent Search" program. Students who are 12-14 and have a B average in class and standardized test scores in the 95th percentile are eligible to take the SAT tests. Many PREP students are eligible each year to participate. Because this is the option of the students and families, not all of them take the SAT exams. Those who have certain scores on the SAT are eligible to participate in a special program during the summer at the University of Denver.

Eighth grade students eligible to take the SAT test include, front: Rachel Spitzer, Harmony Korkow, Lea Goodrich; middle: Rachel Kammerer, Sarah Sprung, Beth Goudey; back: Richard Nelson, Ben Kim, Jens Iverson.

Seventh grade students eligible to take the SAT test include front: Matt Matlack, Scott Jansa, Robert Stepan. Back: P.J. Johnson, Lisa Archer.

Music Festival

Every year PREP is invited to participate in the city Music Festival. This is a program for instrumental classes at the junior high level to practice and participate with each other from the various schools in the school district. This year PREP had four representatives that played in this program.

Music Festival participants from PREP include: Andrew Durer, Matt Peterson, Flora Zahn, and Ryan Bagby.

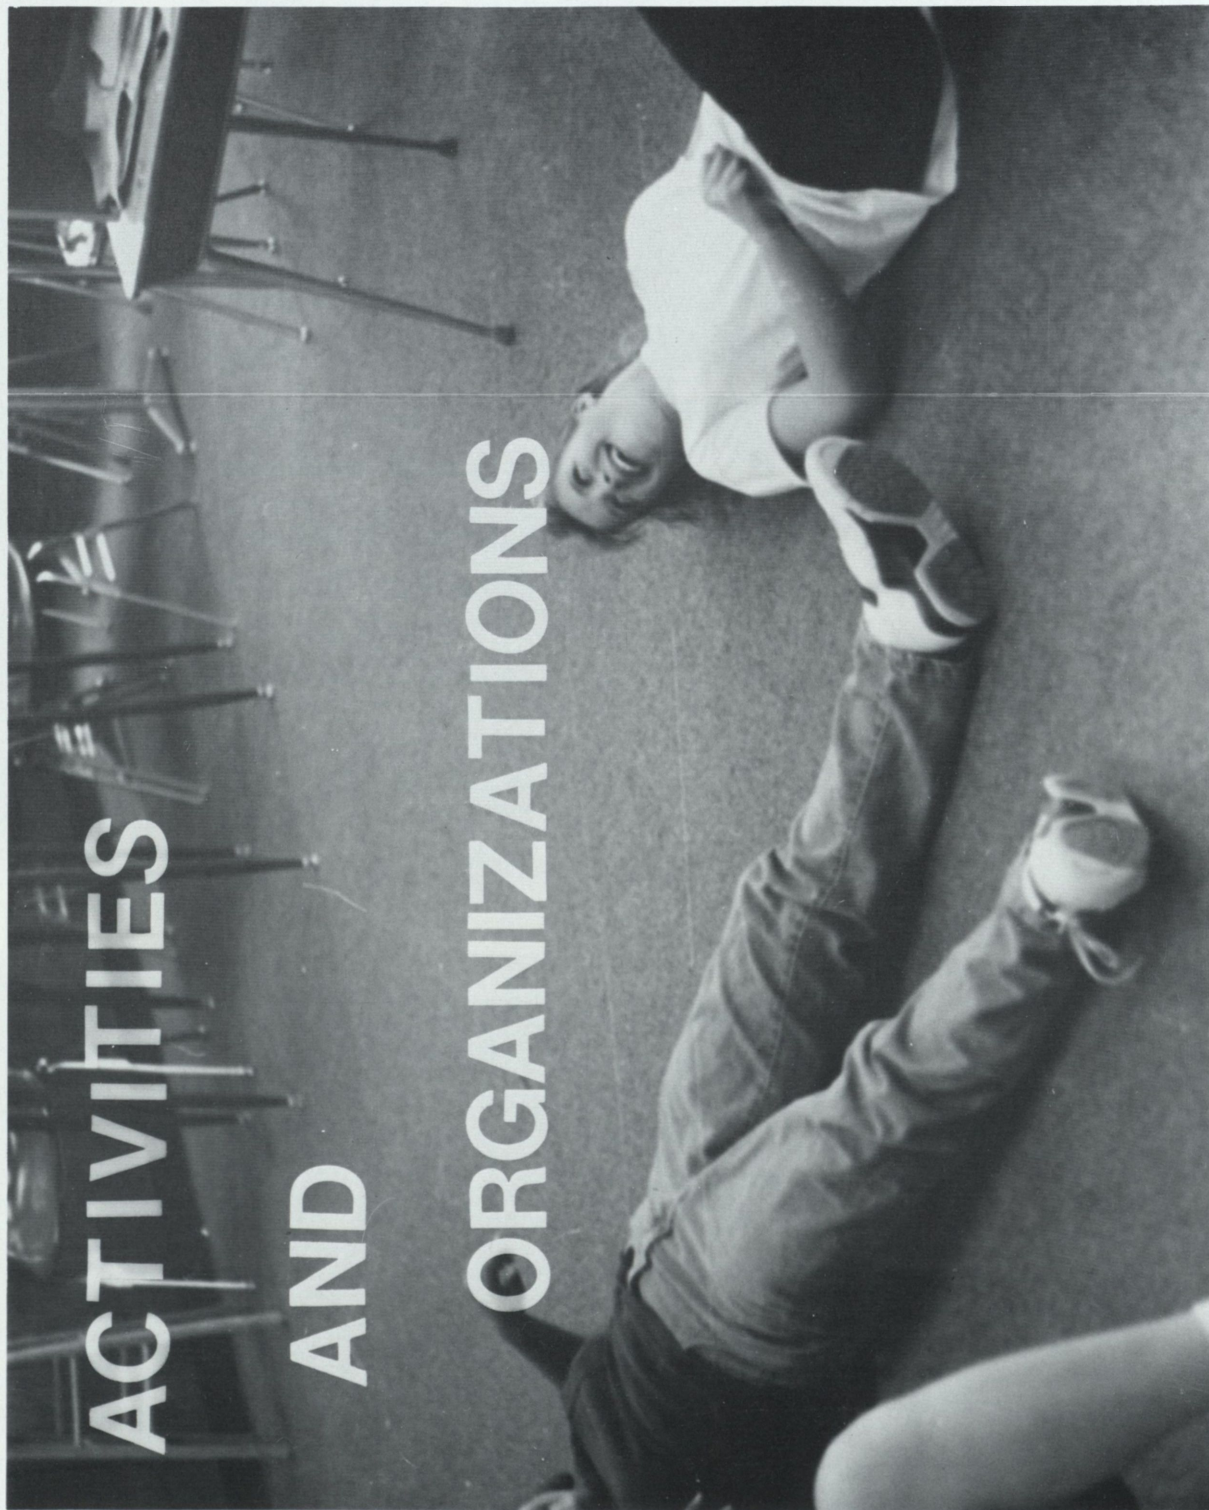

The vocal music program at PREP begins in Nursery and continues through 9th grade. Many different activities are present and they increase in difficulty as the students mature. There are activities for all students. When students reach Unit III the vocal music program is incorporated into a class called Musical Play where students not only do vocal performances, they also perform a musical play. Choir is also another elective for those students who wish to take vocal music classes.

ACTIVITIES

AND

ORGANIZATIONS

Activity Periods

Dr. Campbell and his activity group learned to tie flies and went fishing with the final products.

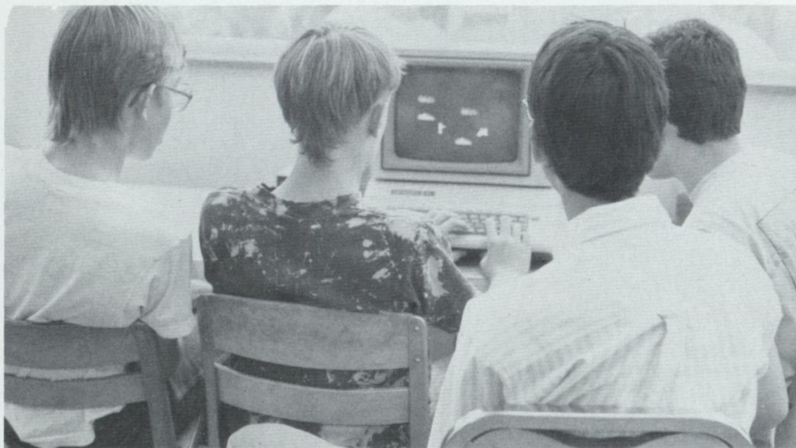

Activity Periods are a unique feature for Unit III students. These are often one hour exploratory activities. Some of the activities can be long-term or more than a one-day commitment. Students select on Monday what they are interested in doing for that week. Options have included learning back hand-springs, cooking, newspaper, fly tying, making valentine cards, making Christmas place mats, reading, and studying. Students have 3 or 4 options each week, two on Wednesdays and two on Fridays.

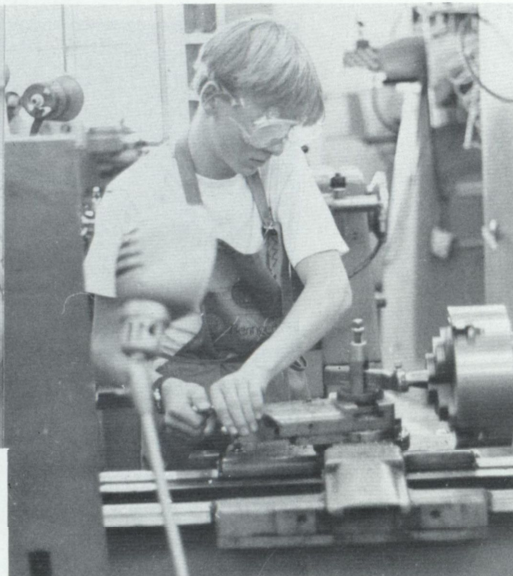

Making pretzels and cookies was a popular activity period this year.

Beginning first aid was an activity that has far reaching possibilities for students.

Oregon Trail on computers!

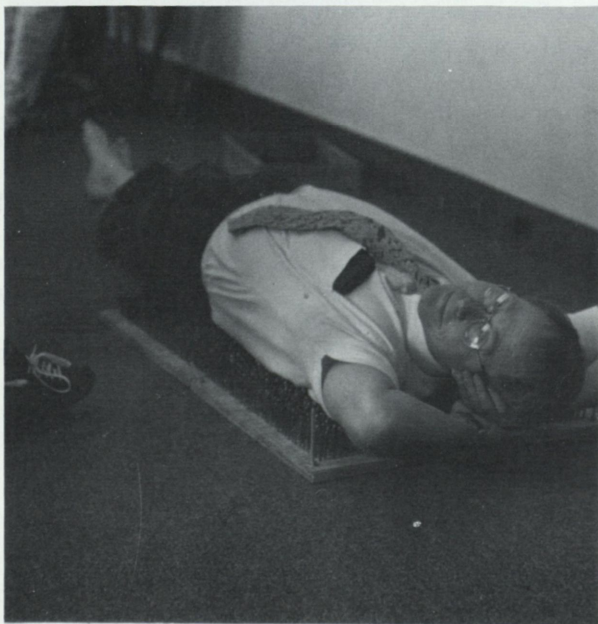

Jeremy Warfel is tapering his hammerhead in machining.

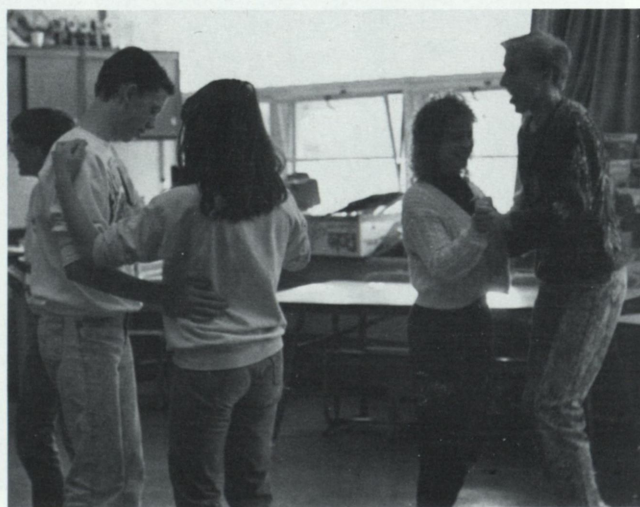

Friendship bracelets and friends.

Cassie and aerobics

Oh how comfortable! Mr. Willis laying on a bed of nails.

Swing your pard'ner round and round!

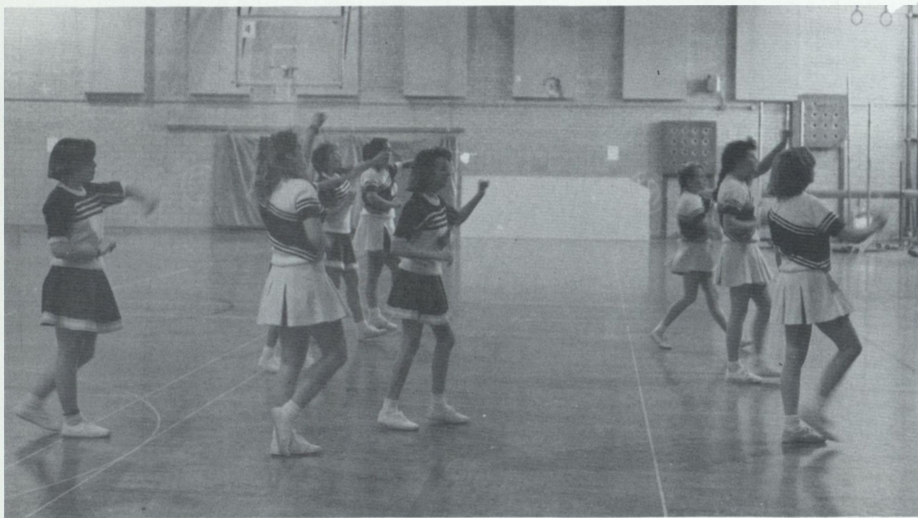

A SQUAD: Front: Jennifer Terrell, Lea Goodrich, Dasha Martinez. Back: Cassie Schimmel, Angela McKee, Harmony Korkow. Alternate, not pictured, Sharon Skidmore.

Cheerleaders

B SQUAD: Front: Susie Cole, Christie Coletti, Jennie Clark. Back: Lisa Poledna, Jaimie Cesko, Erin Pfister.

CHEERLEADERS: This year was the first year that Prep held tryouts for cheerleaders. Practice was held for all of the girls who wanted to try out so that everyone would be able to learn the same cheers and routines. Tryouts were held and judged by University of Wyoming cheerleaders. Six girls and alternates were chosen for each squad. The teams were coached by Jim Harris, captain of U.W. cheerleaders. With new uniforms the cheerleading squads really gave the teams spirit and enthusiasm this year.

Cheering on the crowd at the pep assembly.

Cheerleader tryouts are real thrilling.

Cheering on the boys.

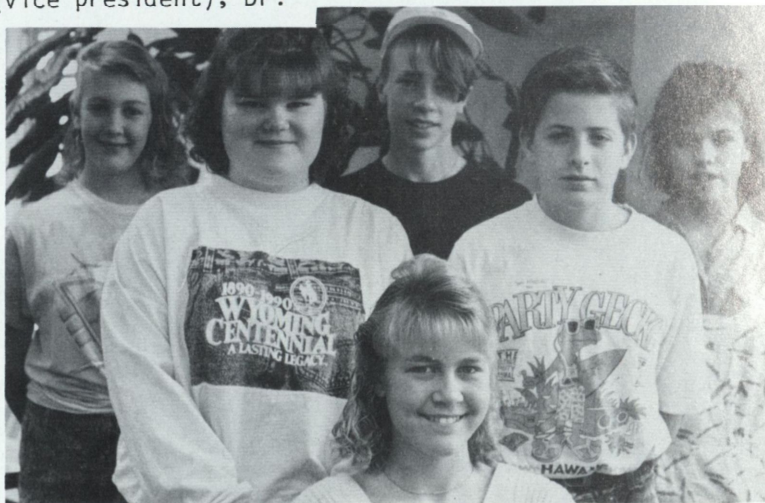

At a Pep Assembly; the band playing and the cheerleaders cheering.

Pep Club officers: Rachel Spitzer (president), Sarah Sprung (secretary/treasurer), Sharon Skidmore (vice president), Dr. Deans (sponsor).

This past fall Dr. Deans and Mrs. Rose started a Pep Club for PREP. The Pep Club was a group of students that went to the games to cheer the players as they competed with other schools. An idea that was developed included having T-shirts to show school spirit for Pep Club members. Time ran out before this could begin, but perhaps next year this will be a point of beginning.

Pep Club committee chairmen, front: Lindsay Nordwick (decorations); middle: Angie Pasley, Alex Wolf (T-shirts); back: Erin Maxfield, David Porter, Stephanie Cuthbertson (transportation).

Everybody line up.

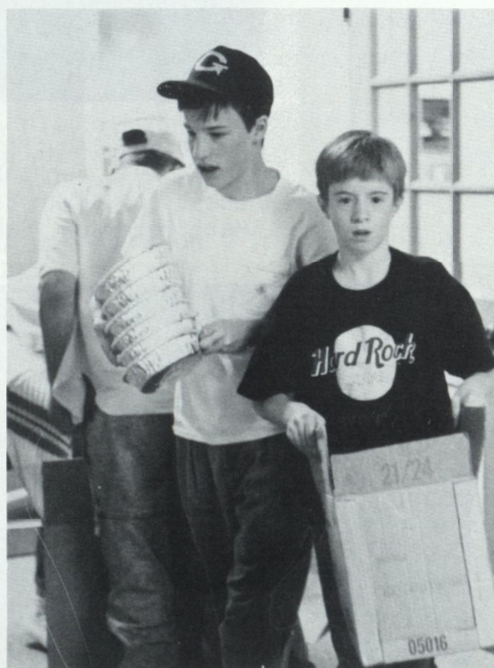

Yippee - skippee!

Student Council

Student Council members, front: Dan Surdam (president), Jens Iverson (vice president), Cassie Schimmel (secretary), Laton Spahr (treasurer); middle: P. J. Johnson, Lindsay Nordwich (7th grade representatives), Erin Pfister, James McLendon (6th grade representatives); back: Jennifer Terrell, Angie Pasley (9th grade representatives); Beth Goudey, Kevin Hanly (8th grade representatives).

The Student Council for this year had very hard-working members. They had pizza sales as the major fund raiser this year. Funds were spent for the American Red Cross Relief Fund, the annual Thanksgiving Food Baskets, gifts for needy children at Christmas, a talent show in the spring, and other areas of activities. Student Council is also responsible for the new scoreboard that will be in the gym.

Pizza coming through

A Christmas party for student council members before the holidays.

Band

Advanced Band, front, left to right: Erin Maxfield, Stephanie Cuthbertson, David Johnson, Susie Cole, Heather Paine. Middle: Tara Schmaing, Brent Dow, Ryan Bagby, Flora Zahn. Back: Jaime Cesko, Lisa Poledna, Matt Peterson, Carter Ball, Andrew Durer, Jens Iverson.

Beginning Band, front: Adam UMBER; 2nd row: Cheslyn McGriff, Chastity Pasley, Sarah Pfister, Michelle Terrell, Natalie Ehler, Becky Rizor. 3rd row: Heather Bieber, Andy Nordwick, Dana Robertson, Jamie O'Dell, Ryan Parks, Alex Reeve. Standing: Rolly Frangopolous, Brian Stinson.

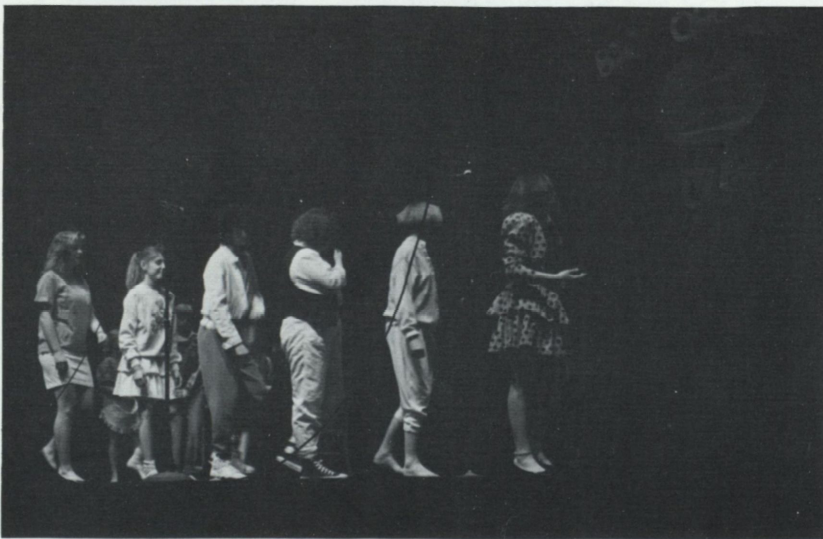

Band this year was taught first semester by Mrs. Rose and second semester by Mrs. Peel. In this class students learned or worked on playing a variety of different musical instruments and different types of music. There were concerts held during the year for both Beginning Band and Advanced Band to perform. This is an enjoyable elective class for students who are interested in music. Beginning Band is open to 5th grade students and Advanced Band is open to students in 6th, 7th, 8th, and 9th grades.

This year band was taught by Mrs. Rose until second semester when Mrs. Peel took over. In this class PREP kids learned to play a variety of different musical instruments. There were also concerts during the year for the enjoyment of students and parents. This is an enjoyable elective class offered to PREP students who are interested in music.

Play Production

This year Mrs. Zorko led the students in the Play Production performance, High Style Heist. An international spy ring trying to steal silk dresses was the perfect plot for this year's production. Robert Stepan played the French detective and Andrew Woodhouse, Ben Kim, and Sara Carlson were the crooks. Models included Jennifer Terrell, Cassie Schimmel, Dasha Martinez, Dana Horry, Lea Goodrich, and Beth Goudey. Other cast members included Kevin Hanly, Angie Pasley, P.J. Johnson, Maria Nihashi, Harmony Korkow, Pam Rodi.

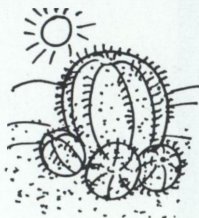

Musical Play

Musical Play this year was taught by Mrs. Peel, the semester replacement for Mrs. Rose. The production, "The Colors of Life", was enjoyed by the students and faculty. Kevin Hanly and Jennifer Terrell played country kids who leave home to join a rock band. The band had an evil manager (Sara Carlson) and another band manager, Big Orange (Ryan Duysen). The play was performed at the Arts and Sciences auditorium because the Education Auditorium was not finished.

Camp

Don't fall!

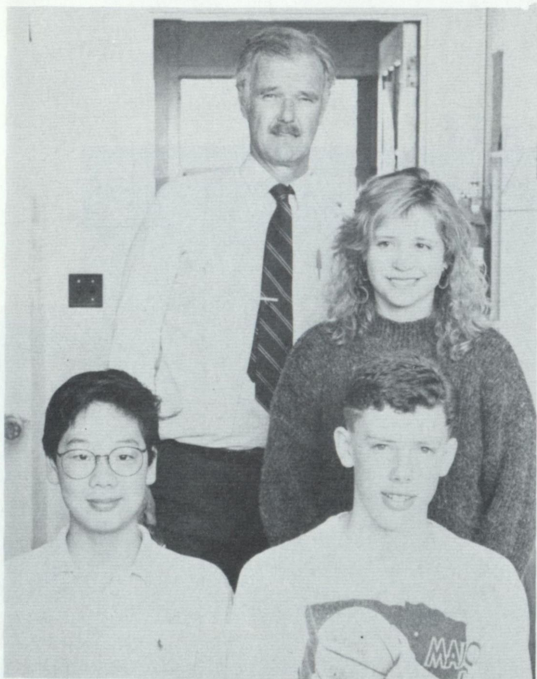

Picnic time.

Where's MY stuff?

All students in Unit I and Unit II attended camp in the fall semester. The students went up to the mountains and returned in time to be dismissed at the regular time. Students experienced outdoor cooking, hiking, collecting samples, and so forth. The students in 6th grade also attended overnight camp during the fall. They came back to town on Friday afternoon. Their camp was the Rec camp above Centennial. The 7th, 8th, and 9th grade extension of camp is the science club trip taken during the spring.

Science Club Officers: Ben Kim (vice president), Laton Spahr (secretary/treasurer), Dr. Keown (sponsor), and Cassie Schimmel (president).

The trip is always carefully planned!

One of the extra curricular activities open to PREP students is the Science Club. This is an organization that stresses environmental education. At the end of each school year students go on the "Big Trip". This year the students' trip is centered around Lake Powell. One of the highlights of this trip will be the 24 mile hike down Grand Gulch. In order to be eligible to go on this trip students must maintain passing marks in all classes and display acceptable citizenship. Students work all year to earn funds to defray expenses of this trip. Some of the fund raisers include selling fudge, the school carnival, and recycling projects. This trip is open to students in 7th, 8th, and 9th grade and is an extension of the other outdoor education programs offered at PREP beginning in the first grade.

Science Club

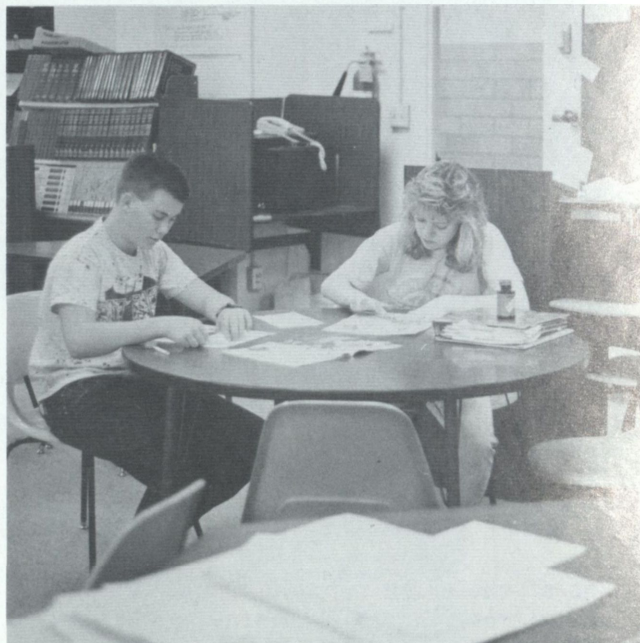

The carnival is in very capable hands . . .

Electives

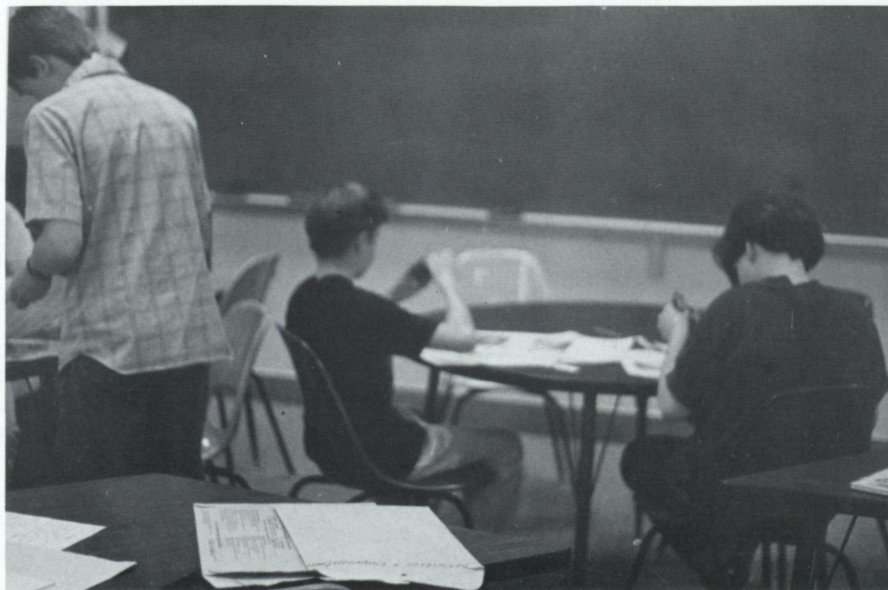

Annual Staff

Annual Staff members this year included (front) Kevin Hanly, Richard Nelson, Justin Pico; (middle) Angie Pasley, Erin Pfister, Jennie Clark, Rachel Kammerer; (back) Jeremy Warfel, Cassie Schimmel (co-editor), Nate Vasek (co-editor), Carrie Jo Turner, David Carr, Dana Horry, Ben Kim. Absent: Sara Carlson.

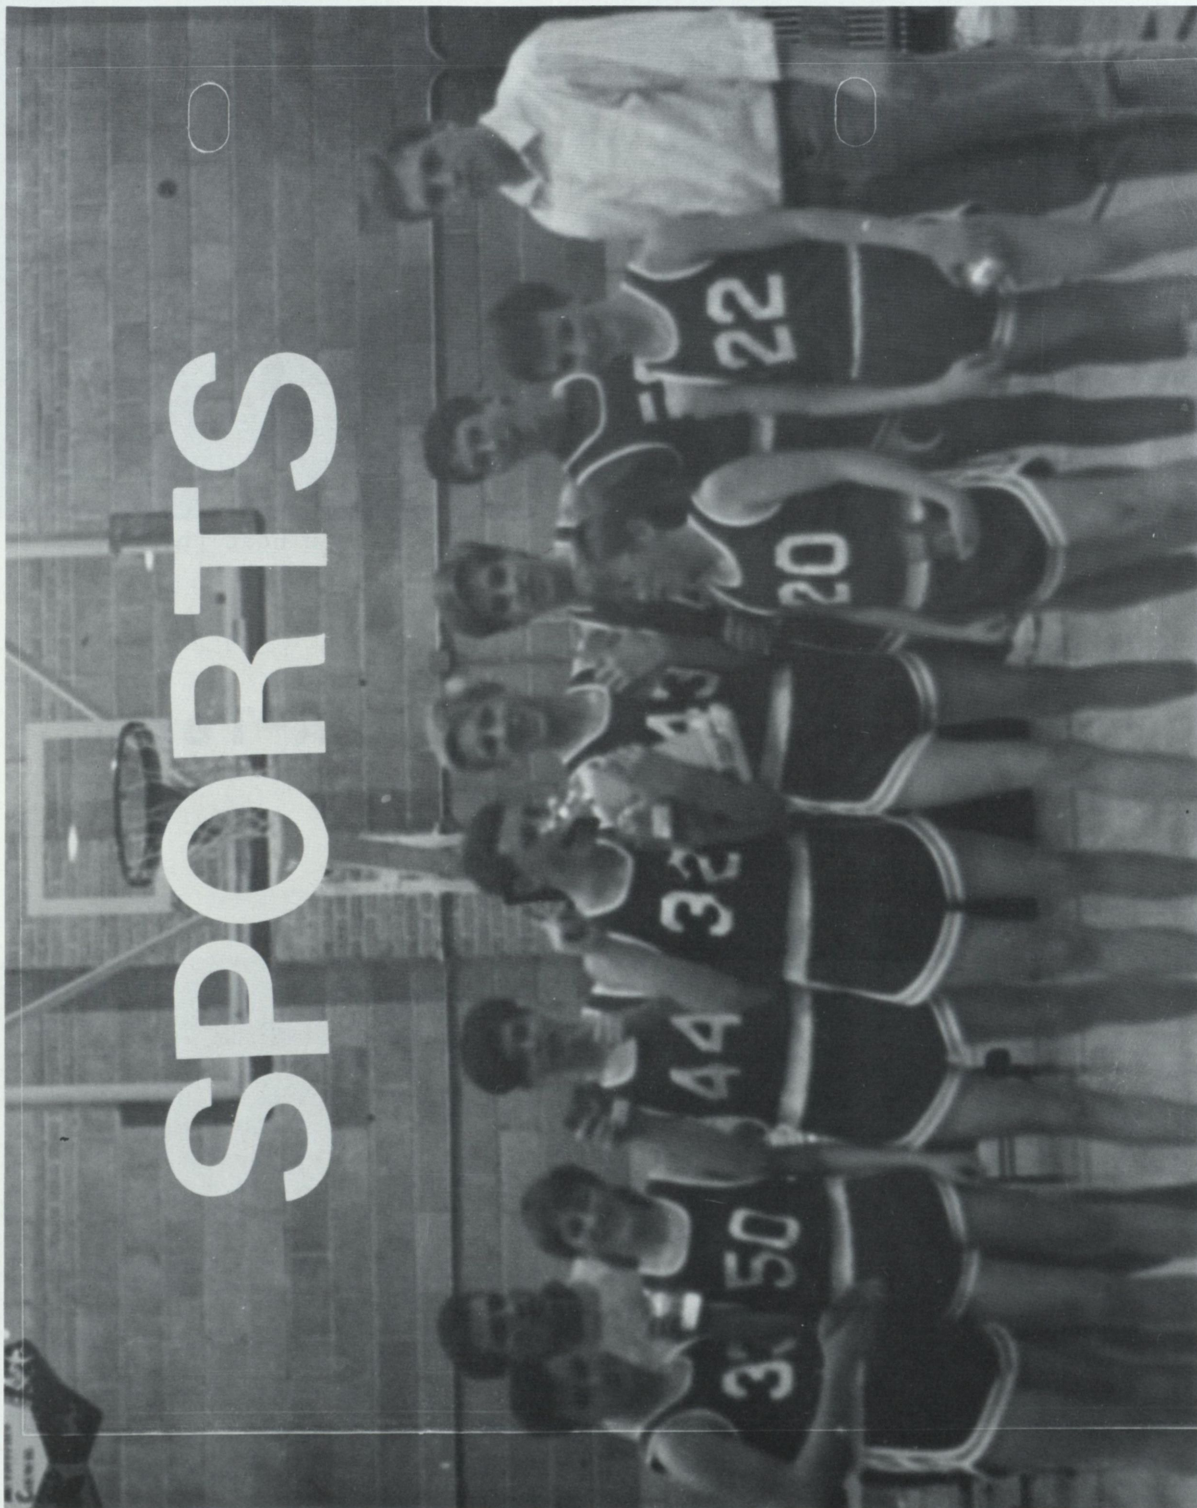

Hard at work . . . ?

Meeting deadlines is important!

SPORTS

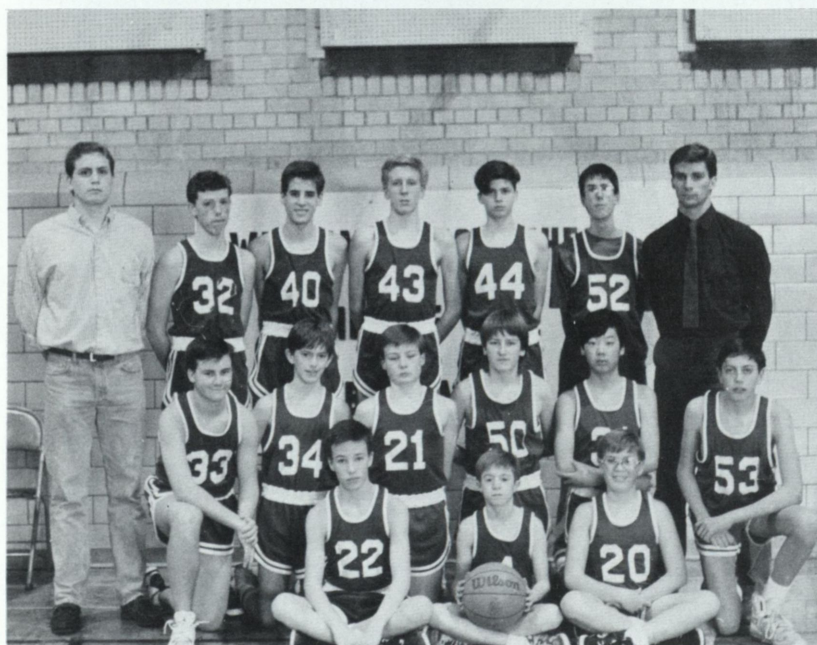

Sink It!

Now hear this!

Boys' Basketball

Front, left to right: Dan Surdam, Kevin Hanly, Jason Eickbush. Middle: David Carr, Jens Iverson, Richard Nelson, Joseph Johnson, Ben Kim, David Papa. Back: Coach Wagner, Laton Spahr, Nate Vasek, Ryan Duysen, Andrew Woodhouse, Matt Langton, Coach Jones.

A-Team

The Boy's Basketball A-Team had a winning season this year with only a few losses. The team played out of town games against Wheatland, Cheyenne, and Rock River. The team ended their season with three big wins in the Cheyenne tournament, bringing home the championship trophy. The tournament was held on February 20-22. This year's team was coached by Andy Jones and Mark Wagoner.

The boys' basketball B team put forth a lot of effort this season; they worked hard and improved tremendously. Unfortunately their season did not show that progress. However, the team has high hopes for winning more next year.

Front, left to right: David Johnson, Andrew Durer, Scott Jansa, Matt Matlack. Back: Coach Wagner, Robert Stepan, Mike Wilkinson, Matt Peterson, P.J. Johnson, Andrew Arnold, Coach Jones.

B-Team

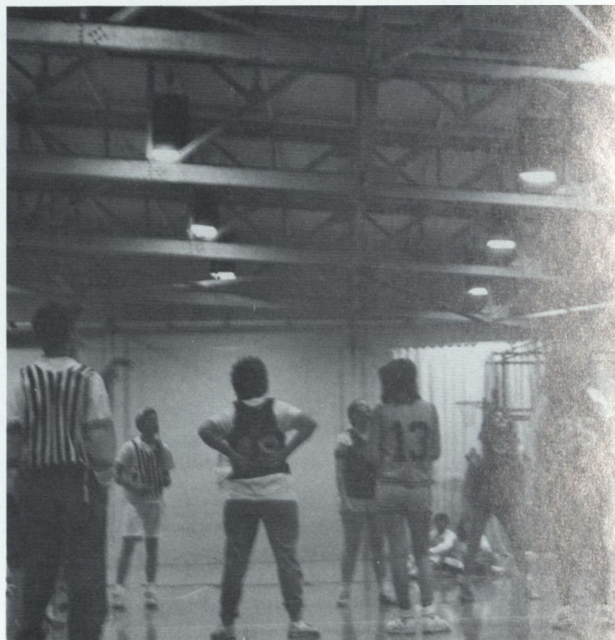

Where's the ball?

Not again...

The basketball dance ...

Where did it go?

Girls' Basketball

A- Team

A Team: Front: Angie Pasley, Cassie Schimmel, Carol McDonald, coach. Back: Emily Kaper, Beth Goudey, Lea Goodrich. Absent: Angela McKee, Sharon Skidmore.

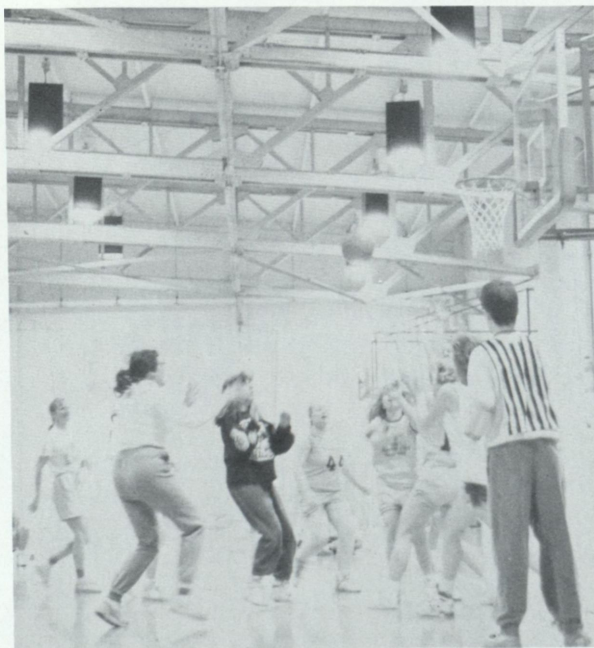

The girls' basketball A Team had a winning season this year with seven wins and four losses. The team played well and put real effort into their practices. They played Johnson Junior High (Cheyenne), Rock River, and Laramie Junior High. The team included 7th, 8th, and 9th grade students. Because our gym was not available, the girls played in Half Acre this year. The team was ably coached by Carol McDonald, a PREP alum.

B Team, front: Lisa Poledna, Heather Paine, Tara Schmaing; middle: Kim Duysen, Erin Pfister, Shue-Wen Tung Shue-Fen Tung; back: Mrs. Kmetz (head coach), Stephanie Cuthbertson, Sarah Sprung, Aura Ranck.

The girls' basketball B team had a rough season this year. They played Laramie Junior High, Cheyenne, and Rock River. The B team consisted of 6th and 7th graders. This team was also able to participate in a small tournament at Laramie Junior High during the season. Because players included 6th graders, they often played older students. In spite of this they learned many skills and played well. They remained good sports throughout the season. The B team was coached by Coach Mitchel.

B-Team

I got it. No, I got it.

Me!

A-Team

Volleyball A-Team front, (l-r) Angela McKee, Cassie Schimmel. Back , (l-r) Coach Kmetz, Dasha Martinez, Beth Goudey, Harmony Korkow, Maria Nihashi, Brianna Kuntzman, Brenna Kuntzman.

The PREP Volleyball A Team had a winning season. This year's team included 7th, 8th, and 9th graders. They had games with Laramie Junior High and three of the schools in Cheyenne. At the end of the season they played in a tournament in Cheyenne, placing 3rd out of 11 teams. The girls were coached by Mrs. Kmetz and Carol McDonald, a PREP alumna.

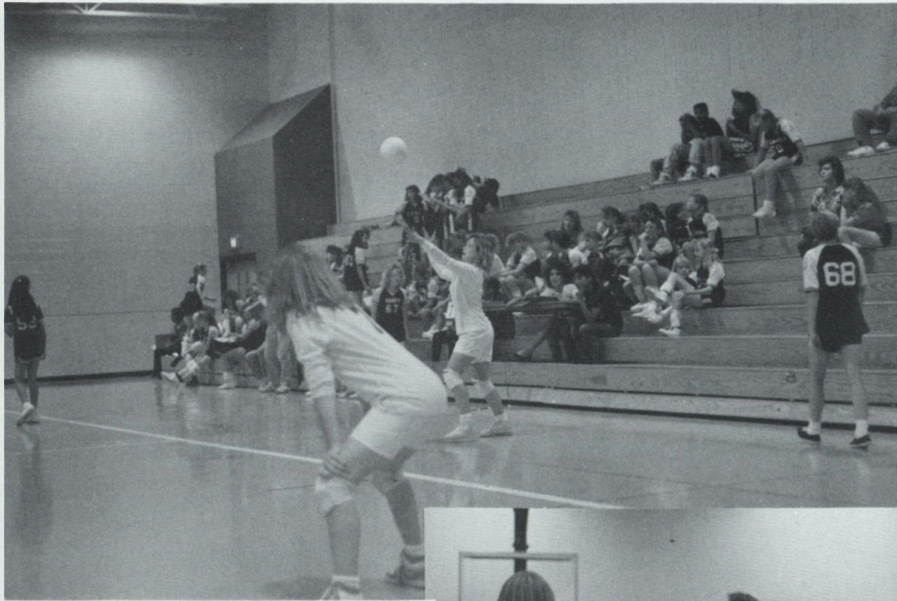

Volleyball

B-Team

Volleyball B-Team front, (l-r) Shue-Wen Tung, Shue-Fen Tung, Susie Cole, Jennie Clark. Back: Heather Paine, Lisa Poledna, Jaime Cesko, Erin Pfister, Coach McDonald.

This year was the first year that PREP had an all 6th grade team as the B team. They worked hard and learned much about the sport, and they are looking good for next year. They had games with three schools in Cheyenne as well as with Laramie Junior High. They practiced at Half Acre gym because our gym was not available during the fall semester. They also participated in a tournament in Cheyenne.

Keep your eye on the ball.

I got it!!

No you serve! No, you.

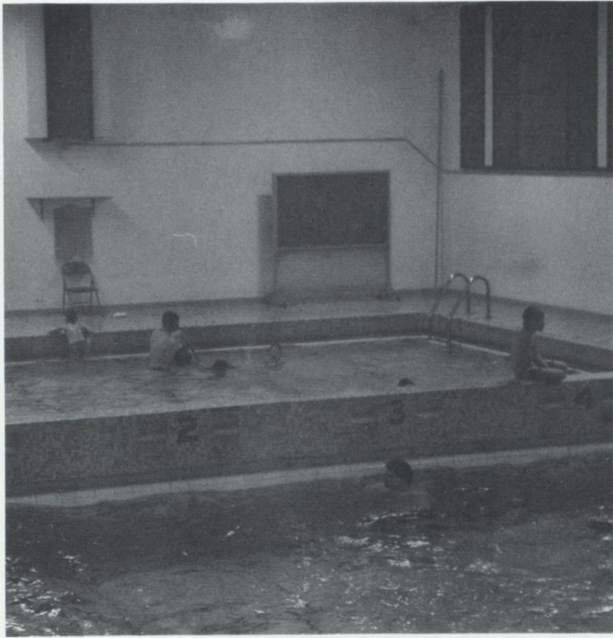

Help!

This year, Prep's skiing program was an improvement over last year's. Second through ninth grade students were able to ski once a week for four weeks compared to last year's three. The bus was driven by Mr. Zurbuchen. Everyone had a great time.

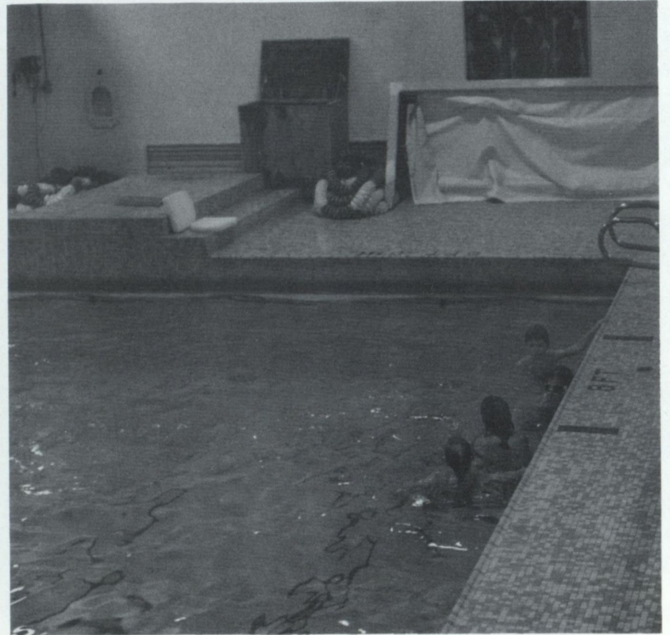

Say cheese!

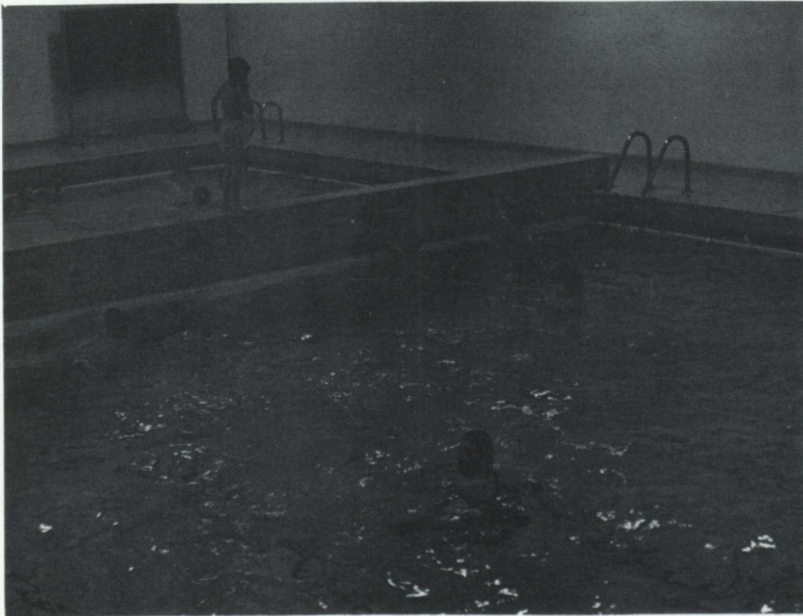

Help! I'm drowning!

Now don't let go!

Swimming

Well, Hello There!

This year swimming was a successful program in which grades 1-9 were able to participate. Students went swimming on Fridays at the pool at Half Acre. Swimming is 30 minutes long. During this time students learn the five basic strokes: backstroke, breast stroke, sidestroke, front crawl, and elementary back stroke. When this was done, the students enjoyed free time. Swimming is one of the extra offerings at Prep.

I'm tired.

P.E.

P.E. classes have many kinds of sports and activities to work on. Skills and physical activities are important for PREP students. Unit III students had soccer, raquetball, gymnastics, and volleyball for many hours. Bowling was also included.

Jump!

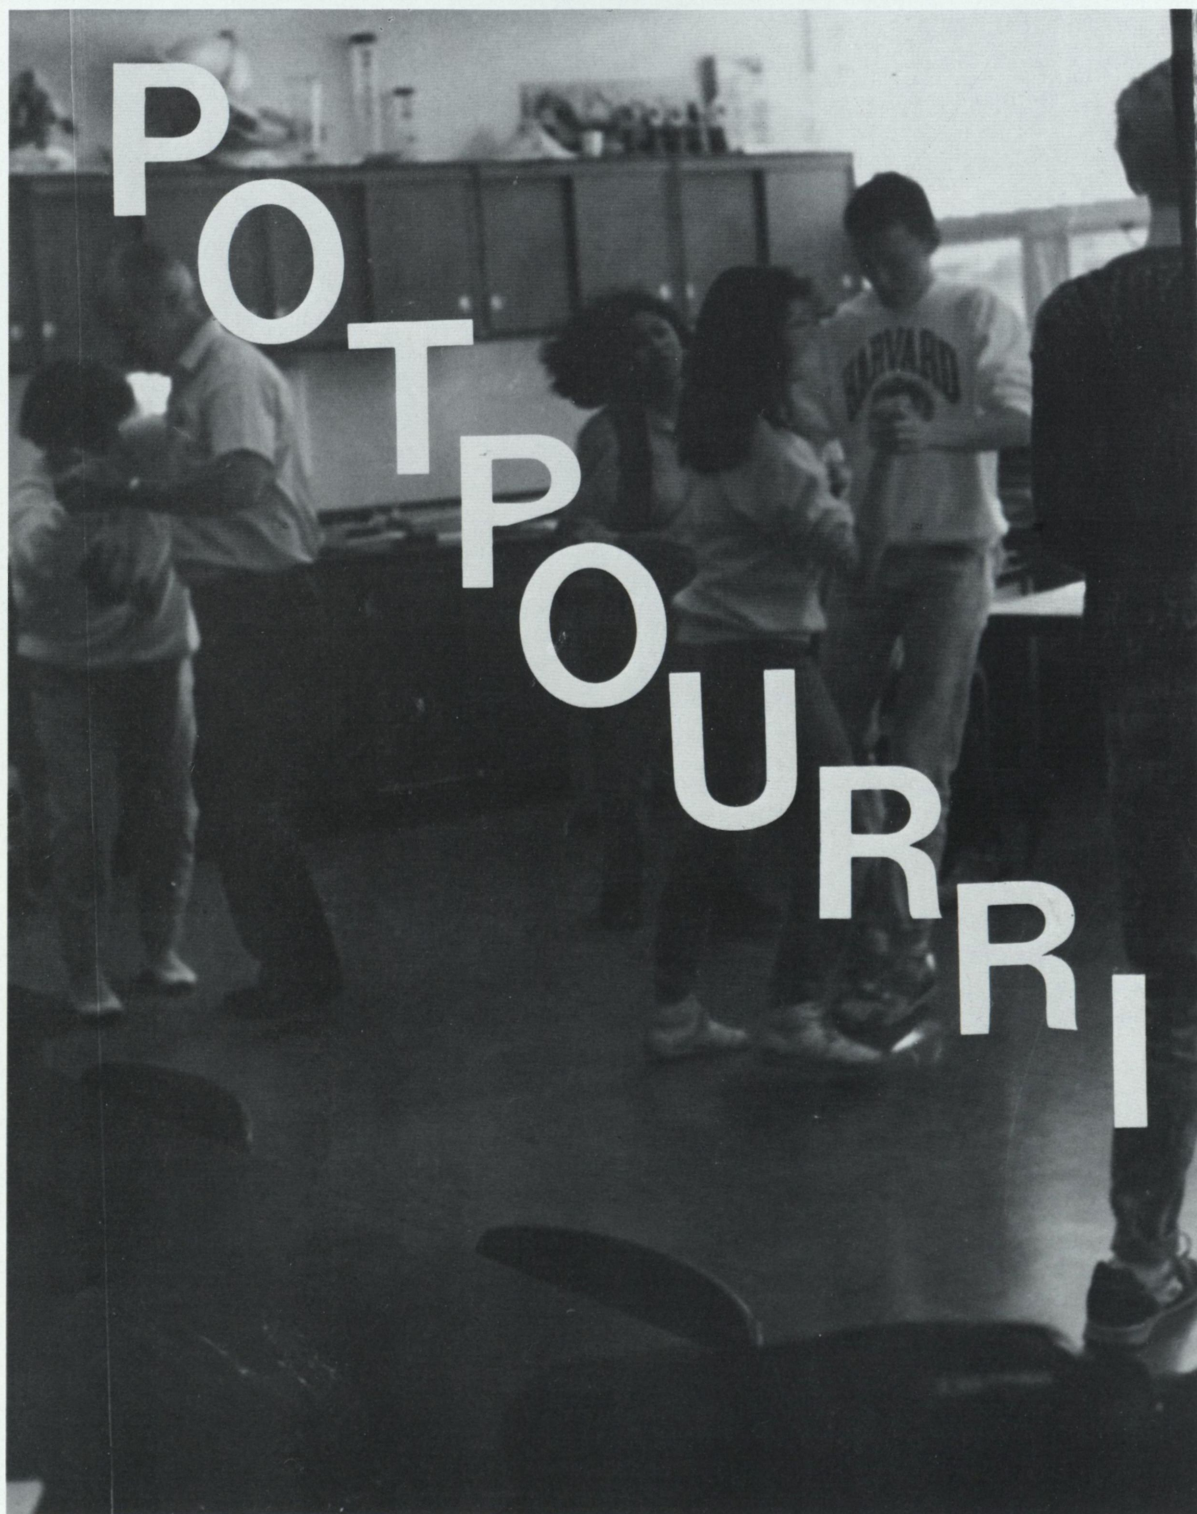

Try and stay on next time.

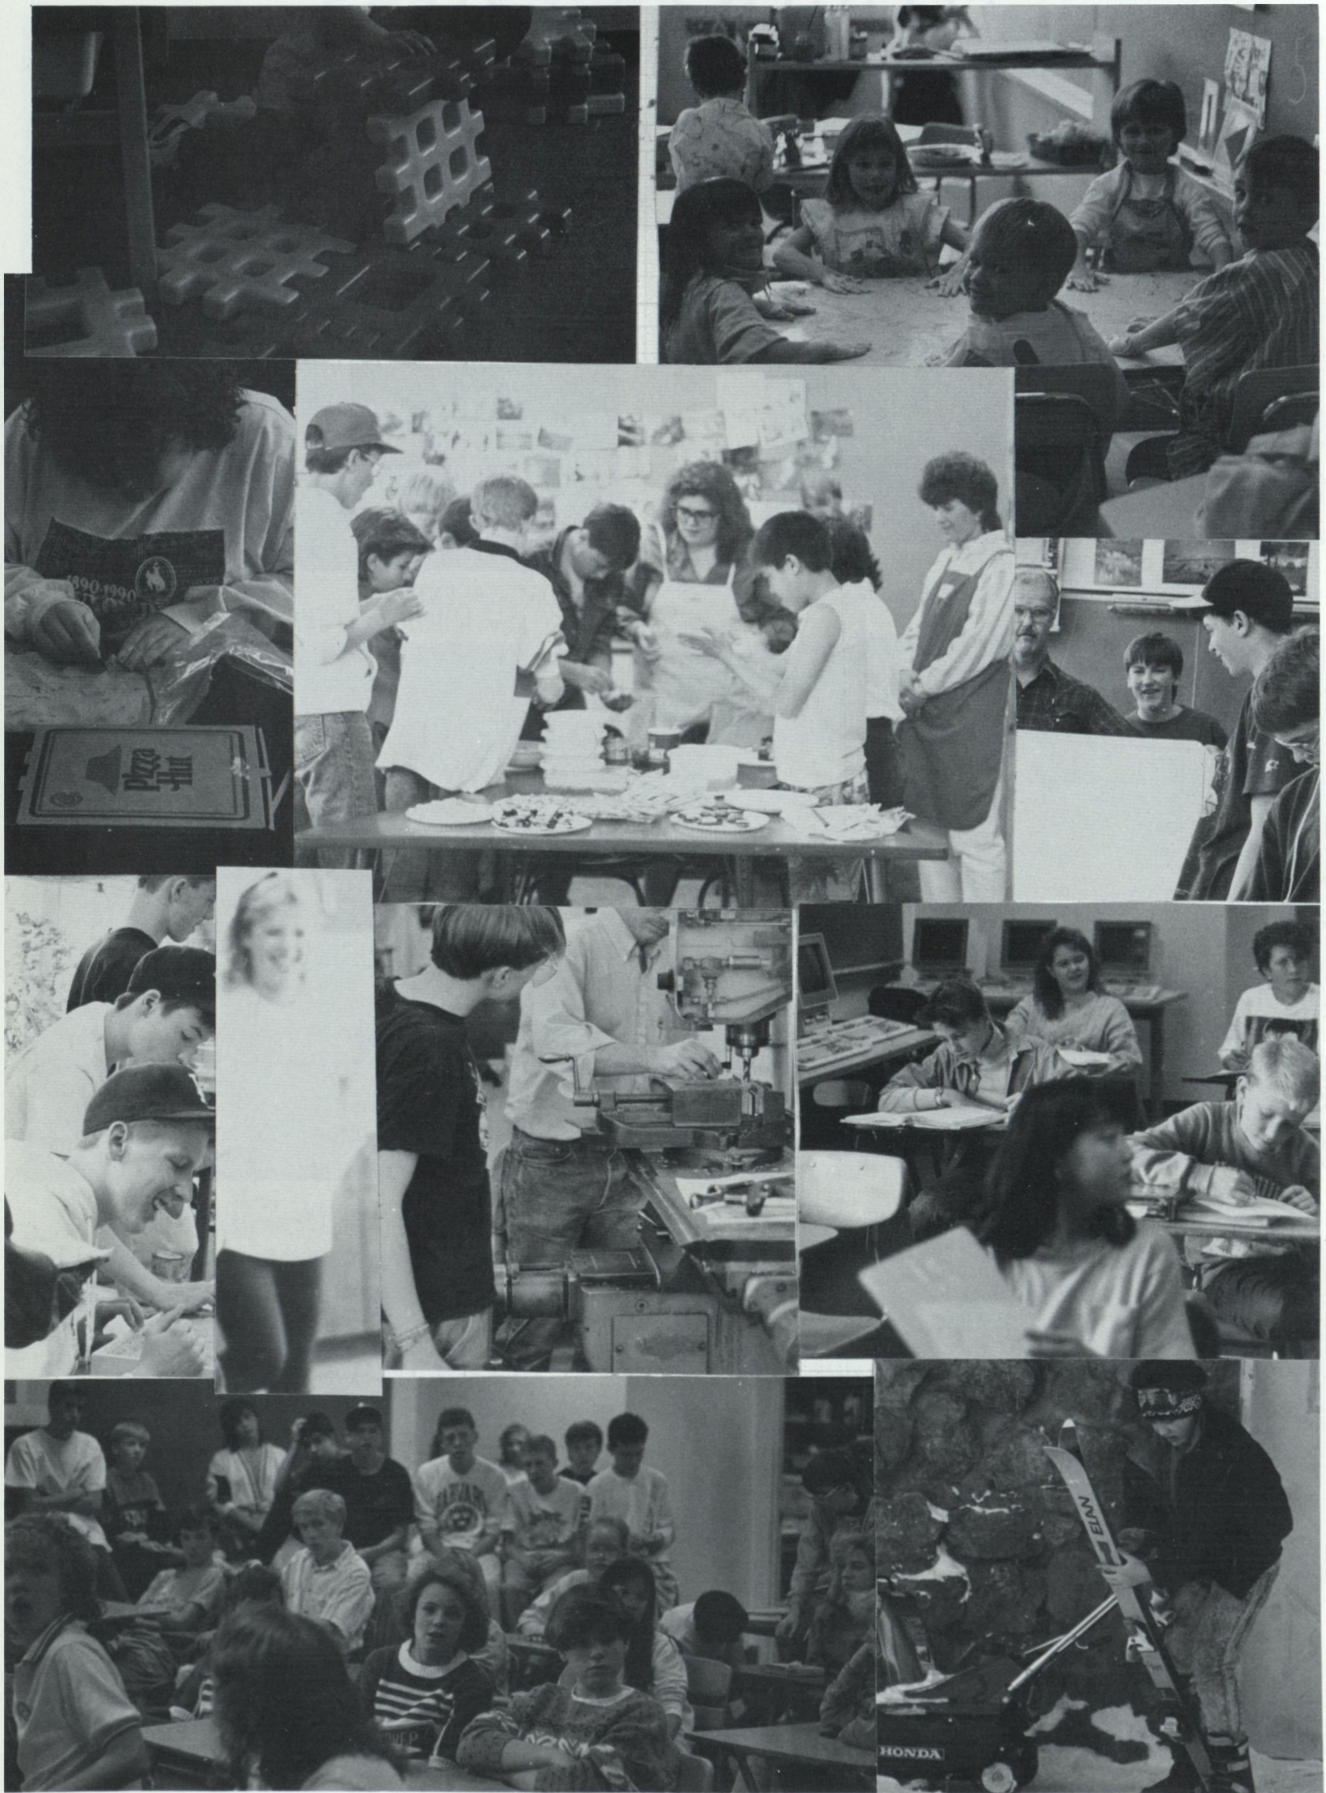

Listen up!

You missed.
